UTKARSH KUSHWAHA

Frontend Developer

+91 8542909529 • utkarsh.mitmeerut@gmail.com • LinkedIn • New Delhi, India

Summary

I'm a passionate frontend developer with over 2 years of practical experience crafting dynamic and responsive web applications. My expertise lies in React JS and Next.js, and I have a solid skill set covering the entire frontend technology stack.

My proficiency extends to backend technologies such as Node.js and Express, coupled with MongoDB for seamless database integration. With a keen eye for design, I am adept at crafting intuitive user interfaces using HTML, CSS, and JavaScript. My skillset also includes popular CSS frameworks like Tailwind, Bootstrap, and Material-UI.

I am seeking to contribute my technical prowess and creativity to a dynamic team where innovation and excellence are valued. a proven track record of delivering high-quality, scalable solutions within deadlines.

Experience

Radiant Infonet Private Limited
New Delhi, India
Frontend React Js Developer
04/2023 - Present

Radiant Infonet Private Limited is a leading technology solutions provider specializing in innovative software development and IT services. Renowned for fostering a collaborative environment, leveraging cutting-edge technologies to deliver tailored solutions and drive digital transformation for Indian government clients globally.

- Spearheaded the development of dynamic and responsive user interfaces using React.js, contributing to the enhancement of web applications.
- Designed and optimized components for improved performance, ensuring a smooth and engaging user experience.
- Collaborated with the UI/UX team to translate design mockups into pixel-perfect React components, maintaining a cohesive and visually appealing interface.
- Actively participated in Agile development processes, attending daily stand-ups, sprint planning, and retrospective meetings.
- Led the development of "**Testa**" an innovative online assessment software designed to streamline and automate the assessment process.

E Global Soft Solutions
New Delhi, India
Frontend Developer & UI/UX Developer
11/2021 - 04/2023

- Collaborated closely with cross-functional teams, adeptly gathering requirements, and transforming them into scalable, aesthetically pleasing front-end solutions for diverse projects.
- Played a dual role as a UI/UX Developer, combining design principles with technical expertise to create visually appealing and intuitive interfaces.
- Collaborated closely with the design team to implement UI/UX concepts, combining the power of React.js with the flexibility of Material-UI's extensive component library and Tailwind CSS for a seamless user experience.
- Integrated React Router for seamless navigation within the application, enhancing the overall user experience.
- Integrated RESTful APIs and third-party libraries to extend functionality and connectivity.
